### **Submit Questions**

In advance of the conference call, and for those investors accessing the live webcast, inTEST Corporation welcomes individual investors to submit their questions via email to [lguerrant@guerrantir.com](mailto:lguerrant@guerrantir.com). The company will address as many questions as possible on the conference call.

### **About inTEST Corporation**

inTEST Corporation designs and manufactures engineered solutions for ATE and other electronic test, as well as industrial process applications. Our products are used by semiconductor manufacturers to perform development, qualifying and final testing of integrated circuits (ICs) and wafers, and for other electronic test across a range of industries including the automotive, defense/aerospace, energy, industrial and telecommunications markets. We offer induction heating products for joining and forming metals in a variety of industrial markets, including automotive, aerospace, machinery, wire & fasteners, medical, semiconductor, food & beverage, and packaging. Specific products include temperature management systems, induction heating products, manipulator and docking hardware products, and customized interface solutions. We have established strong relationships with our customers globally, which we support through a network of local offices. For more information visit [www.intest.com](http://www.intest.com).
