PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS To Be Held July 28, 2004

This proxy statement and the enclosed proxy card are intended to be sent or given to stockholders of inTEST Corporation on or about June 25, 2004, in connection with the solicitation of proxies on behalf of our Board of Directors for use at the 2004 Annual Meeting of Stockholders, to be held on Wednesday, July 28, 2004, at 11:00 A.M. Eastern Daylight Time, at our offices, 7 Esterbrook Lane, Cherry Hill, New Jersey.

The following questions and answers present important information pertaining to the meeting:

Q: Who is entitled to vote?

A: Stockholders of record as of the close of business on June 1, 2004 may vote at the annual meeting.

If you own inTEST shares directly: your proxy is being solicited directly by us, and you can vote by paper, telephone or Internet, or you can vote in person if you attend the meeting.

Q: How many shares can vote?

A: There were 8,562,857 shares issued and outstanding as of the close of business on June 1, 2004 (excluding shares held by one of our subsidiaries which may not be voted or counted towards a quorum). Every stockholder may cast one vote for each share owned.

If you vote by paper, please do the following: (1) sign and date the enclosed proxy card, (2) mark the boxes indicating how you wish to vote, and (3) return the proxy card in the prepaid envelope provided. If you sign your proxy card but do not indicate how you wish to vote, the proxies will vote your shares FOR each of the nominees named on the proxy card and in their discretion on all other matters.

Q: What may I vote on?

A: You may vote on the following items:

- the election of nine directors who have been nominated to serve on our board of directors; and
- any other business that is properly presented at the meeting.

If you vote by telephone or over the Internet, you will find instructions on the enclosed proxy card that you should follow. There may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that must be borne by the stockholder.

Q: Will any other business be presented for action by stockholders at the meeting?

A: Management knows of no business that will be presented at the meeting other than that which is set forth in this proxy statement. If any other matter properly comes before the meeting, the persons named in the accompanying proxy card intend to vote the proxies (which confer discretionary authority to vote on such matters) in accordance with their best judgment.

Q: How does the board recommend that I vote in the election of directors?

A: The board recommends a vote **FOR** each director nominee.

Q: How do I vote my shares?

A: The answer depends on whether you own your inTEST shares directly (that is, you hold stock certificates that show your name as the registered stockholder) or if your shares are held in a brokerage account or by another nominee holder.

Q: What if I want to change my vote or revoke my proxy?

A: A registered stockholder may change his or her vote or revoke his or her proxy, at any time before the meeting by notifying our corporate secretary, Hugh T. Regan, Jr., in writing, that you revoke your proxy. You may then vote in person at the meeting or submit a new proxy card. You may contact our Transfer Agent to get a new proxy card. We will count your vote in accordance with the last instructions we receive from you prior to the closing of the polls, whether they are received by Internet or telephone or by paper. If you hold your shares through a broker, bank or other nominee and wish to change your vote, you must follow the procedures required by your nominee.

Q: What is a quorum?

A: The presence at the meeting (in person or by proxy) of a majority of the shares entitled to vote at the meeting constitutes a quorum. A quorum must be present at the meeting in order to convene the meeting.

Q: How will directors be elected?

A: A plurality of the votes cast at the meeting is required for the election of directors.

Q: Do the directors and officers of inTEST have an interest in the outcome of the election?

A: Our directors and officers will not receive any special benefit as a result of the outcome of the election, except that our non-employee directors will receive compensation for such service as described elsewhere in this proxy statement under the heading "Director Compensation."

Q: How many shares do the directors and officers of inTEST beneficially own, and how do they plan to vote their shares?

A: Directors and executive officers, who, as of June 1, 2004, had beneficial ownership (or had the right to acquire beneficial ownership within sixty days following June 1, 2004) of approximately 25% of our outstanding common stock, are expected to vote, or direct the voting of their shares, in favor of the election of the nominees for director.

If you hold your inTEST shares through a broker, bank or other nominee: you will receive a voting instruction card directly from the nominee describing how to vote your shares. If you receive a voting instruction card, you can vote by completing and returning the voting instruction card. You may also be able to vote by telephone or via the Internet. Please refer to the instructions provided with your voting instruction card for information about voting in these ways.

If you hold your shares through a nominee and want to vote at the meeting: you must obtain a "legal proxy" from the nominee recordholder authorizing you to vote at the meeting.

Q: Who will count the votes?

A: Our transfer agent will count the votes cast by proxy. The Assistant Secretary of inTEST will count the votes cast in person at the meeting and will serve as the Inspector of Election.

Q: What is the effect if I withhold my vote?

A: Withheld votes will have no effect on the outcome of the election of directors.

Q: What is the effect if I fail to give instructions to my broker?

A: Generally, banks, brokers and other nominees have discretionary authority to vote shares on matters that are deemed routine. The election of directors at this meeting is considered a routine matter. Therefore, brokers, banks and other nominees will have discretion to vote on the proposal without instructions from the stockholder, so if you fail to give instructions to your broker, your shares will be voted in favor of the election of the nominees for director.

Q: Who can attend the meeting?

A: All stockholders are invited to attend the meeting.

Q: Are there any expenses associated with collecting the stockholder votes?

A: We will reimburse brokerage firms and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and other materials to our stockholders. We do not anticipate hiring an agency to solicit votes from stockholders at this time. Officers and other employees of inTEST may solicit proxies in person or by telephone but will receive no special compensation for doing so.

VOTING SECURITIES AND PRINCIPAL STOCKHOLDERS

The following table sets forth certain information known to us regarding the beneficial ownership of our common stock as of June 1, 2004 (except where otherwise noted) by:

- each of our Named Executive Officers;
- each of our directors;
- all directors and executive officers as a group; and

- each stockholder known by inTEST to own beneficially more than 5% of our common stock.

Percentage ownership in the following table is based on 8,562,857 shares of common stock outstanding as of June 1, 2004 (excluding shares held by one of our subsidiaries which may not be voted or counted towards a quorum). We have determined beneficial ownership in the table in accordance with the rules of the Securities and Exchange Commission ("SEC"). In computing the number of shares beneficially owned by any person and the percentage ownership of that person, we have deemed shares of common stock subject to options or warrants held by that person that are currently exercisable or will become exercisable by July 30, 2004 to be outstanding. However, we have not deemed these shares to be outstanding for computing the percentage ownership of any other person. To our knowledge, except as set forth in the footnotes below, each stockholder identified in the table possesses sole voting and investment power with respect to all shares of common stock shown as beneficially owned by such stockholder.

Corporate Governance Guidelines

In April 2004, the Board of Directors adopted a set of corporate governance guidelines, reorganized the Board committees, and adopted new committee charters to implement the requirements and principles of the Sarbanes-Oxley Act and the listing standards of Nasdaq. These initiatives were the culmination of work we began in 2003. The new corporate governance guidelines embrace many practices that are not required of us, but which we view as being 'best practices'. We have posted the new corporate governance guidelines, the committee charters and our previously adopted Code of Ethics on our website: www.intest.com.

Committees of the Board of Directors

Our Board of Directors has five standing Committees: an Executive Committee, an Audit Committee, a Compensation Committee, a Nominating Committee and an Intellectual Property Committee. Copies of the charters of each of these committees are posted on our website: www.intest.com.

The Executive Committee is appointed by the Board of Directors to exercise all powers and authority of the Board of Directors in the management of our business and affairs during intervals between meetings of the Board of Directors, and to provide oversight of, and make recommendations to, the Board of Directors regarding corporate initiatives and strategies. Members of the Executive Committee meet routinely to discuss ongoing initiatives, strategies and developments. The Executive Committee consists of Alyn R. Holt, Chairman, Robert E. Matthiessen, Daniel J. Graham, Stuart F. Daniels and James W. Schwartz. The Executive Committee did not meet during 2003.

The Audit Committee is appointed by the Board of Directors to assist the Board of Directors in fulfilling its oversight responsibilities with respect to our financial management and controls. The Audit Committee's primary oversight responsibilities relate to the integrity of our accounting and financial reporting processes, audits of our financial statements, and systems of internal control over financial reporting and accounting matters, and the independence, qualifications and performance of our auditors. The Audit Committee consists of Richard O. Endres, Chairman, Gregory W. Slayton, James J. Greed, Jr., James W. Schwartz and Joseph A. Savarese. In the opinion of the Board of Directors, each of the members of the Audit Committee is independent within the meaning of Rules 4200 and 4200-1 of the listing standards of The Nasdaq Stock Market ("Nasdaq") (as currently in effect and as will become effective on the date of the Annual Meeting). The Audit Committee held four meetings during 2003.

The Compensation Committee is appointed by the Board of Directors to review, evaluate and make recommendations to the Board regarding salaries and incentive compensation for our executive officers and administers our 1997 Stock Plan. The Compensation Committee consists of Stuart F. Daniels, Ph.D., Chairman, Richard O. Endres, Alyn R. Holt, Gregory W. Slayton, James J. Greed, Jr., James W. Schwartz and Joseph A. Savarese. The Compensation Committee did not meet during 2003.

The Nominating Committee was appointed by the Board of Directors effective April 1, 2004 to select and recommend to the Board of Directors the director nominees to be presented for election at future annual meetings of stockholders. The Nominating Committee consists of James J. Greed, Jr., Chairman, Richard O. Endres, Gregory W. Slayton, James W. Schwartz, and Joseph A. Savarese. In the opinion of the Board of Directors, each of the members of the Nominating Committee is independent within the meaning of Rules 4200 and 4200-1 of the listing standards of The Nasdaq Stock Market ("Nasdaq") (as currently in effect

and as will become effective on the date of the Annual Meeting). See "Description of Nominating Procedures" for information regarding the process for identifying and evaluating nominees, procedures for shareholder nominations and director qualifications.

The Intellectual Property Committee was appointed by the Board of Directors effective April 1, 2004 to review, evaluate and make recommendations to the Board of Directors regarding the development, protection, and acquisition of Intellectual Property that is or may be used in our business. The Intellectual Property Committee consists of Stuart F. Daniels, Ph.D., Chairman, Alyn R. Holt, Robert E. Matthiessen, and Daniel J. Graham.

Meetings

During the year ended December 31, 2003, the Board of Directors held a total of five meetings. Each of our directors attended at least 75% of the aggregate number of meetings of the Board and meetings of any committee of which he was a member which were held during the time in which he was a director or a committee member, as applicable.

All members of the Board of Directors are encouraged, but not required, to attend our annual meetings of stockholders.

Director Compensation

Effective April 1, 2004, each non-employee director is paid an annual retainer fee of \$25,000. Members of the Executive Committee are paid an additional annual retainer of \$15,000. In recognition of their increased responsibility and service, the chairmen of the committees of the Board are paid an additional annual fee as follows: the Chairman of the Audit Committee is paid an additional annual fee of \$15,000; the Chairman of the Compensation Committee is paid an additional annual fee of \$10,000; the Chairman of the IP Committee is paid an additional annual fee of \$75,000; and the Chairman of the Nominating Committee is paid an additional annual fee of \$10,000. In addition, we reimburse non-employee directors' travel expenses and other costs associated with attending board or committee meetings. Prior to April 1, 2004, we paid non-employee directors a quarterly retainer of \$2,500, a fee of \$2,000 per board meeting attended and a fee of \$1,000 per committee meeting attended that falls on a day other than a board meeting.

Three of our directors also participated in the option exchange program discussed below under the heading entitled "Stock Options." In particular, Dr. Daniels and Messrs. Greed and Slayton each exchanged options to purchase 10,000 shares of our common stock. As a result of their election to the Board, Messrs. Savarese and Schwartz were granted options to purchase 10,000 shares of our common stock, which will become fully exercisable on November 3, 2004, six months from the date of grant.

We do not pay additional cash compensation to our directors who are also executive officers (Messrs. Holt, Matthiessen and Graham) for their service as directors. Executive officers who serve as directors of our foreign subsidiaries, however, have historically received compensation as approved each year by such subsidiary's Board of Directors. Such compensation will be discontinued effective July 1, 2004. Dr. Daniels has historically provided us with consulting services relating to intellectual property matters. In connection with such services, Dr. Daniels was paid fees totaling approximately \$107,000 during 2003. Effective March 31, 2004, such consulting arrangement was terminated.

Nominating Procedures

As described under "Committees of the Board of Directors," our Board of Directors recently established a Nominating Committee that is responsible for the identification and evaluation of Director nominees in future elections of directors. Prior to the formation of the Nominating Committee, these functions were performed by members of the Board, subject to approval of the Board as a whole. During 2003, the Board recognized that it would need to expand the Board and add two independent directors in order to comply with the new listing requirements of Nasdaq that take effect on the date of the 2004 Annual Meeting. Mr. Greed identified Mr. Savarese as a qualified candidate with experience in the ATE industry, and Mr. Holt identified Mr. Schwartz as a qualified candidate with corporate and securities legal experience. The qualifications of Messrs. Savarese and Schwartz were presented to the full Board of Directors for consideration, and each was unanimously approved to become a director. In addition to Messrs. Savarese and Schwartz, each of our other current directors has agreed to stand for re-election at our 2004 Annual Meeting.

The Board of Directors has established a process that the Nominating Committee will use for identifying and evaluating nominees for director in future elections. The Nominating Committee will annually assess the qualifications, expertise, performance and willingness to serve of each current director. If as a result of such assessment, or at any other time during the year, the Board of Directors determines a need to add a new director with specific qualifications or to fill a vacancy on the Board, the Chair of the Nominating Committee will then initiate the search, working with staff support and seeking input from other directors and senior management, considering nominees previously submitted by stockholders, and, if deemed necessary or appropriate, hiring a search firm. An initial slate of candidates satisfying the specific qualifications, if any, and otherwise qualifying for membership on the Board, will be identified and reviewed by the Nominating Committee. The Nominating Committee will prioritize the candidates and determine if members of the Nominating Committee, other directors or senior management have relationships with the preferred candidates and can initiate contacts. If not, contact would be initiated by a search firm. The Chairman, CEO and at least one member of the Nominating Committee will interview the prospective candidate(s). Evaluations and recommendations of the interviewers will be submitted to the Nominating Committee for final evaluation. The Nominating Committee will then meet to consider such recommendations and to determine which candidate (or candidates) it will recommend to the Board for approval. The Nominating Committee will evaluate all nominees for director, including nominees recommended by a stockholder, on the same basis.

The Nominating Committee will consider director candidates recommended by our stockholders. Pursuant to policies adopted by the Board of Directors, recommendations with regard to nominees for election to the Board of Directors at future annual meetings of stockholders may be submitted in writing, received by the Secretary of inTEST at least 60 days prior to the date on which inTEST first mailed its proxy materials for the prior year's annual meeting of stockholders, or, if inTEST did not have an annual meeting of stockholders in the prior year, 90 days prior to the date of the annual meeting. Each notice of nomination must set forth (i) the name, age, business address and, if known, residence address of each nominee, (ii) the principal occupation or employment of each such nominee, (iii) the number of shares of common stock of inTEST which are beneficially owned by each such nominee, (iv) the qualifications of such nominee for service on the Board of Directors, (v) the name and residence address of the proposing stockholder(s), and (vi) the number of shares of common stock owned by the proposing stockholder(s).

Director candidates must meet certain minimum qualifications, including being at least 21 years old and possessing (1) the ability to read and understand corporate financial statements, (2) relevant business experience and professional skills, (3) high moral character and personal and professional integrity, and (4) the willingness to commit sufficient time to attend to his or her duties and responsibilities as a director of a public corporation. In addition, the Nominating Committee may consider a variety of other qualities and skills, including (i) expertise in finance, economics, technology or markets related to the business in which inTEST and its subsidiaries may engage, (ii) the ability to exercise independent decision-making, (iii) the absence of conflicts of interest, (iv) diversity of

gender, ethnic background, and experience, and (v) the ability to work effectively with other directors in collectively serving the long-term interests of all stockholders. Nominees must also meet any applicable requirements of SEC regulations, state law, and inTEST's charter and bylaws.

Code of Ethics

We have adopted a code of ethics (as that term is defined in Item 406 of Regulation S-K of the regulations promulgated by the SEC) that applies to our Chief Executive Officer, our Chief Financial Officer and all of our other employees. The text of our code of ethics is filed as an exhibit to our Annual Report on Form 10-K for the year ended December 31, 2003, and also is posted on our Internet website at www.intest.com. Amendments to, and waivers of, the code of ethics, if any, relating to our Chief Executive Officer or our Chief Financial Officer will be posted on the website.

Recommendation

The Board of Directors recommends a vote "FOR" the election of each of the nominees to the Board of Directors named above.

Stock Options

In 2003, we completed a voluntary stock option exchange program for certain of our outstanding options. Several of our Named Executive Officers and Directors along with other of our employees participated in the exchange. Under the program, participants were given the right to forfeit certain outstanding stock options previously granted to them at an exercise price greater than or equal to \$9.5625 per share, in exchange for the right to receive a new option to buy shares of our common stock to be granted on February 24, 2003. In total, 340,000 stock options were cancelled on August 23, 2002 as a result of this program, and 340,000 stock options were granted on February 24, 2003. The exchange program did not result in any compensation charges or variable option plan accounting, as it was designed to comply with Interpretation No. 44, *Accounting for Certain Transactions Involving Stock-Based Compensation* ("FIN No. 44"). The new options had an exercise price equal to the fair market value of our common stock on the new grant date (\$3.04), so no compensation expense was recorded as a result of the issuance of the new options.

The following table sets forth grants of stock options made to our Named Executive Officers during the fiscal year ended December 31, 2003, all of which were issued pursuant to the option exchange program:

Option Grants in 2003

Name	Individual Grants				Potential Realized Value at Assumed Annual Rates of Stock Price Appreciation for Option Term

Hugh T. Regan, Jr.	50,000	14.7%	\$3.04	2/23/13	\$ 95,592	\$242,249

(a) The options listed in this chart represent options granted pursuant to the option exchange program described above.

Compensation Committee Report on Executive Officer Compensation and Repricing of Options

The Compensation Committee is appointed by the Board of Directors to review, evaluate, and make recommendations to the Board of Directors regarding the compensation and benefit programs of the Company's executive officers and to administer the Company's equity-based compensation plans. During 2003, the members of the Committee were Dr. Daniels and Messrs. Endres, Holt, Slayton and Greed. Messrs. Savarese and Schwartz were appointed to the Compensation Committee in April 2004.

Charter. In April 2004, the Board of Directors adopted a charter pursuant to which the Compensation Committee will operate. A copy of the charter is posted on the Company's website: www.intest.com. Also in April 2004, the Committee adopted the practice of requiring the recommendation of a majority of the independent directors of the Board (all of whom serve on the Committee) before Committee action on the recommendation of executive officer compensation to the Board.

Compensation Philosophy and Objectives. The Committee is committed to the general principle that overall executive compensation should be commensurate with our performance and the performance of the individual executive officers, and that long-term incentives awarded to such executive officers should be aligned with the interests of our stockholders. The primary objectives of our executive compensation program are to attract and retain executive officers who will contribute to our long-term success, to reward the achievement of our desired goals, and to provide compensation opportunities that are linked to our performance and that directly link the interests of our executive officers with the interests of our stockholders.

Our executive compensation consists of three components: salary, bonus and long-term incentive compensation. In determining compensation levels, the Committee considers a number of factors, including our performance, both separately and in relation to other companies within the semiconductor capital equipment industry, the individual performance of each executive officer, comparative compensation surveys concerning compensation levels and stock grants at other companies, our historical compensation levels and stock awards, and the overall competitive environment for executive officers and the level of compensation necessary to attract and retain key executive officers. Compensation levels may be greater or less than competitive levels in other companies within the semiconductor equipment industry based upon factors such as our annual and long-term performance and individual performance.

Salary. During 2003, the Committee made no change in the existing base salaries of our executive officers. This salary-freeze reflected the then-current state of the industry, our operating losses and management's forecasts of our 2003 operating results. In addition, we considered that all of our executive officers had taken reductions in base salary ranging from 20% to 30% from mid-2001 to mid-2002.

Bonus. No bonuses were paid to executive officers relating to our performance in 2003.

Long-Term Incentive Compensation. The Committee periodically considers whether to grant awards of stock options or restricted stock under our stock plan to specific executive officers based on factors including: the executive officer's position; his or her performance and responsibilities; the extent to which he or she already holds our equity; equity participation levels of comparable executive officers and key employees at other similar companies; and the executive officer's individual contribution to our overall performance. The plan does not provide any formula for weighing these factors, and a decision to grant an award is primarily based upon a subjective evaluation of the past as well as the future anticipated performance and responsibilities of the executive officer in question. During 2003, we did not grant any awards under the stock plan, except in conjunction with the stock option exchange program described below.

Repricing of Options. During August 2002, we commenced a voluntary stock option exchange program for certain of our outstanding options. This program was offered to all option holders, including executive officers and directors, whose options had exercise prices greater than or equal to \$9.5625 per share. As a result of the prolonged downturn in the semiconductor capital equipment industry and the impact this has had on the market price of our common stock, the exercise price of these options was significantly above market price and no longer offered the incentive that had originally been intended. Thus, participants were offered the opportunity to forfeit such old options in exchange for the right to receive new options six months and a day later, with the new option to have an exercise price equal to the fair market value on such future date of grant. The new options were granted in 2003 with an exercise price of \$3.04. We believe that this exchange program is consistent with our goals of using long - -term incentives as a means of promoting inTEST's long-term financial objectives.

In summary, it is the opinion of the Committee that the executive compensation program provides the necessary total remuneration package to properly align our performance and the interests of our stockholders with competitive and equitable executive compensation in a balanced and reasonable manner, for both the short and long-term.

Messrs. Savarese and Schwartz do not appear as signatories to this Committee's report because they were not members of the Committee at the time any of the matters described in the Report were acted upon.

Change of Control Agreements

On April 17, 2001, we entered into Change of Control Agreements with Messrs. Matthiessen and Regan. These Change of Control Agreements provide that, upon termination of their employment with us without cause (as defined in the agreements) within two years following a change of control (as defined in the agreements), or termination by the executive officer for good reason (as defined in the agreements) within two years following a change of control, each is entitled to the following for a period of one year following termination:

- a. payment of base salary on the same basis paid immediately prior to termination;
- b. payment of any bonus the executive officer would otherwise be eligible to receive for the year in which the termination occurs and for that portion of the following year which falls within a period of one year following termination; and
- c. continuation of all fringe benefits the executive officer was receiving immediately prior to the termination.

Notwithstanding the above, the benefits under the Change of Control Agreements will be reduced to the extent that the payments would not be deductible by us (in whole or in part) under Section 280G of the Internal Revenue Code.

APPENDIX A

AMENDED AND RESTATED CHARTER OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS OF inTEST CORPORATION

I. Committee Purpose

The Audit Committee is appointed by the Board of Directors to assist the Board of Directors in fulfilling its oversight responsibilities with respect to the financial management and controls of the Company. The Committee's primary oversight responsibilities relate to:

- The integrity of the Company's accounting and financial reporting processes, audits of the Company's financial statements, and systems of internal control over financial reporting and accounting matters; and
- The independence, qualifications and performance of the Company's auditors.

In addition, the Committee provides an avenue of communication among the auditors, management and the Board of Directors.

II. Committee Composition

The Committee shall consist of at least three directors, one of whom shall be designated by the Board as Chairman of the Committee.

Each member of the Committee shall (i) meet the independence and financial literacy requirements of the National Association of Securities Dealers ("NASD"), and the independence requirements of Section 10A(m)(3)(B) of the Securities Exchange Act of 1934 and the rules and regulations of the Securities and Exchange Commission ("SEC"), and (ii) be free of any relationship that, in the opinion of the Board of Directors, would interfere with his or her individual exercise of independent judgment; *provided that* under exceptional and limited circumstances, one director who meets the requirements of Section 10A(m)(3)(B) but does not otherwise meet the independence requirements of NASD may be permitted to serve on the Committee in accordance with the rules of NASD.

At least one member of the Committee must have past employment experience in finance or accounting, professional certification in accounting, or comparable experience that results in such member's financial sophistication.

The Board of Directors shall periodically evaluate the qualifications of each member of the Committee to determine whether one or more members meet the requirements of an "Committee financial expert" (as defined in Item 401 of Regulation S-K) and, if not, whether it is in the Company's best interests to appoint a member to the Committee who meets such requirements. The Company shall disclose in its Annual Report on Form 10-K whether the Committee has an Committee financial expert and, if so, the name of such member. If the Committee does not have an Committee financial expert, the Company must explain in the Annual Report on Form 10-K why it does not.

III. Committee Responsibilities and Duties

Guiding Principles

Flexibility. In order for the Committee to effectively carry out its purposes, its processes must remain flexible so it can best react to changing conditions, information, accounting rules, securities laws and regulations and other factors which bear on its responsibilities. The key responsibilities described in this Charter, therefore, shall define the principal recurring processes of the Committee. These processes are set forth as a guide with the understanding that the Committee may supplement them as it deems necessary or appropriate to accomplish its purposes.

Responsibility for Financial Reporting. The Company's management is responsible for preparing the Company's financial statements in accordance with generally accepted accounting principles ("GAAP") and its periodic reports as required by the SEC. The Company's auditor is responsible for auditing the Company's annual financial statements and reviewing the Company's interim financial statements. While the Committee has responsibility to oversee management's and the auditor's conduct of these activities, it is not the responsibility of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate or are in compliance with GAAP.

Open Communication. The Committee is expected to maintain free and open communication with the auditor and management of the corporation. In order to facilitate such free and open communication, the Committee should meet with members of management and the auditor, separately, at least once a year and at such other times as the members of the Committee deem it necessary or appropriate to accomplish its purposes.

Auditor

The auditor is ultimately accountable to the Committee and the Board of Directors as representatives of the Company's shareholders. The auditor shall report directly to the Committee. In addition, the Committee shall have the following responsibilities and duties with respect to the Auditor:

1. *Annual Selection of Auditor.* The Committee has the sole authority and responsibility to select, appoint, evaluate and, where appropriate, replace the auditor. The Committee may submit its decision regarding the selection of the auditor to the shareholders of the Company for ratification, but notwithstanding the shareholders' ratification of such auditor, the Committee shall not be bound to retain such auditor, and notwithstanding the shareholders' rejection of such auditor, the Committee shall not be bound to replace such auditor, where, in either case, the Committee determines its decision regarding the auditor to be in the best interests of the Company. In making its assessments of the auditor, the Committee will discuss and consider the auditor's written affirmation that it is in fact independent, the auditor's ability to manage the nature and rigor of the audit process, the scope of and compensation paid for non-audit services and such other matters as the members of the Committee deem necessary or appropriate.

2. *Independence of Auditor. The Committee shall:*

- On an annual basis, obtain and review the auditor's written disclosures required by Independence Standards Board Standard No. 1 regarding its independence. Discuss with the auditor all disclosed relationships and services that may impact the objectivity and independence of the auditor and take appropriate action in response to the disclosures to satisfy itself of the independence of the auditor.
- When approving non-audit services to be provided by the auditor, consider whether the provision of such services, and the payment of fees for such services, is consistent with maintaining the independence of the auditor.
- Ensure the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law.
- Recommend, to the Board of Directors, policies limiting the Company's hiring of employees or former employees of the auditor who participated in any capacity in the audit of the Company as required by law.

3. *Pre-approval of Services Provided by Auditor.* The Committee shall pre-approve all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by the auditor. The Committee may delegate its authority to pre-approve such services to one or more members, provided that any such pre-approval shall be presented to the full Committee at its next scheduled meeting.

4. *Review Quality Control Process of Auditor.* The Committee shall obtain and review a report from the auditor at least annually regarding (a) the auditor's internal quality-control procedures, (b) any material issues raised by the most recent internal quality control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more independent audits carried out by the firm, (c) any steps taken to deal with any such issues, and (d) all relationships between the auditor and the Company. The Committee shall present the conclusions of its review with respect to the auditor to the Board of Directors.

Audit Procedures

5. *Review Audit Plan.* Prior to the commencement of the annual audit, the Committee shall review with the auditor its audit plan for the Company's annual audit, including the scope, staffing locations, timetable, reliance upon management and internal audit and general audit approach, and its plan for review of the quarterly financial results.

6. *Conduct of Audit.* The Committee shall discuss with the auditor, prior to recommending that the audited financial statement be included in the Annual Report on Form 10-K, the matters required to be discussed by Statement on Auditing Standards No. 61 relating to the conduct of the audit, including any difficulties encountered in the course of the audit work, any restrictions on the scope of activities or access to requested information, and any significant disagreements with management.

Financial Disclosures

7. *Review Annual Audit Results.* The Committee shall review with management and the auditor the audited financial statements and the disclosures to be made in management's discussion and analysis ("MD&A") to be filed with the SEC as part of the Annual Report on Form 10-K. The Committee shall review with the auditor the report of its annual audit, or proposed report of its annual audit, the accompanying management letter, if any, and management's response. The Committee shall recommend to the Board of Directors the inclusion of the audited financial statements in the Annual Report on Form 10-K.

8. *Review Quarterly Financial Results.* The Committee shall review with management and the auditor the Company's earnings press releases. The Committee shall review with the auditor reports of its reviews of the Company's interim financial statements in accordance with Statement on Auditing Standards No. 100, if applicable. The Committee shall review with management and the auditor the quarterly financial statements and MD&A prior to filing the Quarterly Report on Form 10-Q.

9. *Financial Reporting Issues and Judgments; Related Matters.* The Committee shall review with management and the auditor (both with and without the presence of management) significant financial reporting issues and judgments made in connection with the preparation of the Company's financial statements, including any significant changes in the Company's selection or application of accounting principles, any major issues as to the adequacy of the Company's internal control over financial reporting and any special steps adopted in light of material control deficiencies. In addition, such review shall include consideration of the following:

- All critical accounting policies and practices to be used.
- All alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, including the ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the auditor.
- Other material written communications between the auditor and management, such as any management letter, schedule of unadjusted differences or representation letter of the Company.
- Disclosures of any transactions between the Company and any affiliated person or affiliate of such person.
- The effect of regulatory and accounting initiatives and off-balance sheet structures on the Company's financial statements.
- All correspondence, reports or notices which raise material issues regarding the Company's financial statements or accounting policies that are issued by Nasdaq, the SEC or any other government agency.
- All legal and tax matters that could have a significant impact on the Company's financial statements, including the Company's compliance with applicable laws and regulations, and inquiries received from regulators or government agencies, and all audit letters obtained by the auditor from the Company's counsel.

Other Key Responsibilities

10. *Complaints Regarding Accounting and Auditing Matters.* The Committee shall establish procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters.

11. *Review Systems of Internal Controls.* The Committee shall review with management, the senior corporate finance executive and the auditor the adequacy of the Company's internal control over financial reporting and the Company's disclosure controls and procedures. The Committee shall consider the disclosures made to the Committee by the Company's CEO and CFO pursuant to their certification of the Company's Forms 10-K and Forms 10-Q, including, without limitation, any significant deficiencies or material weaknesses in the design or operation of internal control over financial reporting that are reasonably likely to adversely affect the Company's ability to record, process, summarize and report financial information and any fraud involving management or other employees who have a significant role in the Company's internal control over financial reporting.

12. *Risk Management.* The Committee shall discuss with management the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies.

13. *Prepare Proxy Statement Report.* The Committee shall prepare the report of the Committee required by the rules of the SEC to be included in the Company's annual proxy statement disclosing that:

- a. the Committee has reviewed and discussed the audited financial statements with management and discussed certain matters with the auditors, as required to be discussed in SAS 61;
- b. the Committee has received the letter from the auditors required by Independence Standards Board Standard No. 1 "Independence Discussions with Committees," and has discussed with the auditor the auditor's independence; and
- c. based on the review and discussions referred to in paragraphs 13.a. and 13.b., above, the Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for filing with the SEC.

14. *Review Charter.* The Committee shall review and reassess the adequacy of this Charter annually and submit any recommendations for amendment to the Board of Directors for approval. The Charter shall be included as an appendix to the annual proxy statement at least once every three years and to the proxy statement for the year following any amendment of the Charter.

15. *Expense Accounts.* Annually review policies and procedures as well as audit results associated with directors' and officers' expense accounts and perquisites.

16. *Related Party Transactions.* Approve all transactions between the Company and its directors and officers and other affiliates, and annually review all such transactions and potential conflicts of interests.

Investigations

17. *Investigations.* The Committee has the authority to conduct any investigation it deems necessary or appropriate to accomplish its purposes. The Committee shall have direct access to the auditors as well as any employee of the Company and shall have the authority, to the extent it deems necessary or

appropriate, to retain independent legal, accounting or other advisors.

18. *Funding.* The Company shall provide adequate funding, as determined by the Committee, for payment of compensation for any advisors retained by the Committee.

Other

19. *Review Other Matters.* The Committee shall review such other matters in relation to the accounting, auditing, financial reporting and related compliance practices and procedures of the Company and perform any other activities consistent with the Charter or governing law or regulation (including the listing rules of Nasdaq) as the Committee may, in its own discretion or as directed by the Board of Directors, deem necessary or appropriate in connection with the other responsibilities set forth herein.
