GUIDELINES ON SIGNIFICANT CORPORATE GOVERNANCE ISSUES

The Board of Directors of inTEST Corporation has approved the following guidelines pertaining to the conduct of the Board, and its relationship with the stockholders and management, in determining the direction and performance of the Company:

A. BOARD COMPOSITION

1. Separation of the positions of Chairman and CEO

The Board's general policy, as reflected in the Company's Bylaws, is that the position of Chief Executive Officer may be held by either the Executive Chairman or the President of the Company.

2. Size of the Board

The Bylaws of the Company provide that the Board of Directors shall consist of such number of Directors as may be determined from time to time by resolution of the Board of Directors, which number shall not be less than five (5). The number and composition of the Board is periodically reviewed by the Board to ensure that it is comprised of an appropriate number of Directors with appropriate skills and experience.

3. Mix of Inside and Independent Directors

In accordance with the listing standards of the NYSE MKT LLC, as applicable to smaller reporting companies, the Board must be comprised of at least 50% Independent Directors. The Board also believes that it is useful and appropriate to have members of management, including the Chief Executive Officer, as Directors.

4. Board Definition of What Constitutes Independence for Directors

inTEST defines "Independent Director" in accordance with Section 803A of the NYSE MKT Company Guide. In addition to the objective standards of Section 803A, the Board must also make an affirmative determination that the Director does not have a relationship with the Company, its officers or its shareholders that, in the judgment of the Board, would interfere with the Director's exercise of independent judgment in carrying out the responsibilities of a Director.

5. Lead Independent Director

The Board believes it is important for the effective operation of the Board that an Independent Director be designated as the Lead Independent Director. The Lead Independent Director is responsible for coordinating the activities of the other Independent Directors, calling and chairing meetings of the Independent Directors

from time to time, and performing various other duties. The general authority and responsibilities of the Lead Independent Director are set forth in a written charter adopted by the Board.

6. Board Membership Criteria

The Nominating and Corporate Governance Committee is responsible for reviewing with the Board from time to time the appropriate skills and characteristics required of Directors taking into account the then current make-up of the Board. The qualifications required of Directors may vary from time to time depending upon the perceived needs of the Board at that particular point in time. Each Director is expected to ensure that other commitments do not materially interfere with the Director's service as a Director. Such other commitments will be considered by the Nominating and Corporate Governance Committee and the Board when reviewing Board candidates.

7. Selection of New Director Candidates

The Board delegates to the Nominating and Corporate Governance Committee the screening process involved in the selection of nominees for election as a Director, with the expectation that other Directors and members of management, will be requested to take part in the process as appropriate. Stockholders may make recommendations with regard to nominees for election to the Board of Directors at future annual meetings of stockholders by following the procedures set forth in our most recent proxy statement or other publicly filed documents. All nominees for Director, including nominees recommended by a stockholder, shall be evaluated on the same basis.

8. Directors Who Change Their Present Job Responsibility

The Board does not believe that Directors who change the employment or position they held when they began serving on the Board should necessarily leave the Board. There should, however, be an opportunity for the Board, via the Nominating and Corporate Governance Committee, to review the continued appropriateness of Board membership in light of such changed circumstances.

9. Term Limits

The Board does not believe it should establish term limits. While term limits could help ensure that there are fresh ideas and viewpoints available to the Board, such limits present the disadvantage of losing the contribution of Directors who over time have developed increasing insight into the Company and its operations and therefore provide an increasing contribution to the Board as a whole.

10. Board Compensation

It is the general policy of the Board that non-employee Directors should be compensated with a mix of cash and equity-based compensation. Director compensation is reviewed periodically by the Compensation Committee. Management of the Company will report from time to time to the Compensation Committee on the status of Board compensation in relation to other comparable U.S. companies. All recommendations of the Compensation Committee regarding changes in compensation of any Director or any group of Directors shall be approved by a majority of non-interested Directors and, if such recommendation applies to the compensation of all Directors, by a majority of the Independent Directors in addition to a majority of the Directors then in office.

B. RESPONSIBILITIES OF THE BOARD OF DIRECTORS

1. Primary Responsibilities

The primary responsibilities of the Board of Directors are to manage the business and affairs of the Company, directly or through its Committees, by the exercise of oversight, and provision of counseling and direction to, the management of the Company in the interest, and for the benefit, of the Company's stockholders. Directors are expected to prepare for, attend, and participate in all Board and applicable Committee meetings. Where practicable, information that is important to the Director's understanding of the business to be conducted at a Board or Committee meeting is distributed in writing to the Directors or Committee Members before the Board or Committee meeting. Supplemental written materials will be provided to the Directors on a periodic basis and at any time upon request of any Director.

3. Access to Employees and Board Presentations

Directors have complete authority to contact and meet with any inTEST employee during normal working hours. Directors are encouraged, when traveling, to make arrangements in advance to visit inTEST sites and meet with local management on a world-wide basis. The Secretary of the Company shall, whenever requested, assist in arranging and facilitating such meetings and site visits.

The Board encourages management to schedule officers to present at Board meetings who: (a) can provide additional insight into the items being discussed because of personal involvement in these areas, or (b) have future potential that management believes should be given exposure to the Board.

4. Independent Directors' Discussions

At least twice a year, in conjunction with regularly scheduled Board meetings, the Independent Directors shall meet in executive session. The Independent Directors may request and convene such other separate meetings of the Independent Directors at such times and places as a majority of the Independent Directors may approve. The Lead Independent Director will assume the responsibility of chairing the meetings of Independent Directors, preparing minutes of such meetings, making recommendations to the Board of Directors on behalf of the Independent Directors and shall bear such further responsibilities that the Independent Directors as a whole may designate from time to time. The minutes of such meetings will be shared with the full Board not later than at the next meeting of the Board, and shall be filed by the Secretary of the Company with the minutes of the Company.

5. Director Development

The Board is committed to developing and maintaining the knowledge and skills of the Directors to meet the challenges of a changing business and legal environment. From time to time, the Board, upon recommendation of the Nominating and Corporate Governance Committee may arrange presentations and programs designed to assist Directors in developing and maintaining knowledge and skills necessary or appropriate for the performance of their responsibilities.
