PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS To Be Held August 10, 2010

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE STOCKHOLDER MEETING TO BE HELD ON TUESDAY, AUGUST 10, 2010: Copies of the Proxy Statement and Annual Report to Stockholders are available at <http://investor.shareholder.com/intest/annual.cfm?AnnualPage=meeting>.

This proxy statement and the enclosed proxy card are intended to be sent or given to stockholders of inTEST Corporation on or about July 9, 2010, in connection with the solicitation of proxies on behalf of our Board of Directors for use at the 2010 Annual Meeting of Stockholders, to be held on Tuesday, August 10, 2010, at 11:00 A.M. Eastern Daylight Time, in our offices located at 7 Esterbrook Lane, Cherry Hill, New Jersey.

The following questions and answers present important information pertaining to the meeting:

Q: Who is entitled to vote?

A: Stockholders of record as of the close of business on July 2, 2010 may vote at the meeting.

Q: How many shares can vote?

A: There were 10,301,456 shares issued and outstanding as of the close of business on July 2, 2010. Each stockholder entitled to vote at the meeting may cast one vote for each share owned by him or her which has voting power upon the matter in question, without cumulative voting.

Q: What may I vote on?

A: You may vote on the following items:

- the election of six directors who have been nominated to serve on our Board of Directors;
- the ratification of the selection of McGladrey & Pullen, LLP as our independent registered public accounting firm for the year ending December 31, 2010; and

- any other business that may properly come before the meeting.

Q: Will any other business be presented for action by stockholders at the meeting?

A: Management knows of no business that will be presented at the meeting other than that which is set forth in this proxy statement. If any other matter properly comes before the meeting, the persons named in the accompanying proxy card intend to vote the proxies (which confer discretionary authority to vote on such matters) in accordance with their best judgment.

Q: How does the Board of Directors recommend that I vote on each of the proposals?

A: The Board recommends a vote "FOR" each of the director nominees, and "FOR" the ratification of our independent registered public accounting firm.

Q: How do I vote my shares?

A: The answer depends on whether you own your inTEST shares directly (that is, you hold stock certificates that show your name as the registered stockholder) or if your shares are held in a brokerage account or by another nominee holder.

If you own inTEST shares directly: your proxy is being solicited directly by us, and you can vote by paper, telephone or Internet, or you can vote in person if you attend the meeting.

If you vote by paper, please do the following: (1) sign and date the enclosed proxy card, (2) mark the boxes indicating how you wish to vote, and (3) return the proxy card in the prepaid envelope provided. If you sign your proxy card but do not indicate how you wish to vote, the proxies will vote your shares "FOR" each of the director nominees and "FOR" the ratification of our independent registered public accounting firm set forth in this proxy statement and, in their discretion, on any other matter that properly comes before the meeting.

If you vote by telephone or over the Internet, you will find instructions on the enclosed proxy card that you should follow. There may be costs associated with telephonic or electronic access, such as usage charges from Internet access providers and telephone companies that must be paid by the stockholder.

If you hold your inTEST shares through a broker, bank or other nominee: you will receive a voting instruction card directly from your broker, bank or other nominee describing how to vote your shares. If you receive a voting instruction card, you can vote by completing and returning the voting instruction card. You may also be able to vote by telephone or via the Internet. Please refer to the instructions provided with your voting instruction card for information about voting in these ways.

If you hold your inTEST shares through a nominee and want to vote at the meeting: you must obtain a "legal proxy" from the nominee recordholder authorizing you to vote at the meeting.

Q: What if I want to change my vote or revoke my proxy?

A: A registered stockholder may change his or her vote or revoke his or her proxy at any time before the meeting by (i) notifying our corporate Secretary, Hugh T. Regan, Jr., in writing, that you revoke your proxy, (ii) voting in person at the meeting, or (iii) submitting a new proxy card. You may contact our Transfer Agent, Computershare Investor Services, at (800) 962-4284 to get a new proxy card. We will count your vote in accordance with the last instructions we receive from you prior to the closing of the polls, whether your instructions are received by Internet, telephone, paper or in person. If you hold your shares through a broker, bank or other nominee and wish to change your vote, you must follow the procedures required by your nominee.

Q: What is a quorum?

A: The presence at the meeting (in person or by proxy) of a majority of the shares entitled to vote at the meeting constitutes a quorum. A quorum must be present in order to convene the meeting.

Q: How will directors be elected?

A: A plurality of the votes cast at the meeting is required for the election of directors. This means that the director nominee with the most votes for a particular director seat is elected to that seat. Votes withheld from a director nominee will have no effect on the election of the director from whom votes are withheld.

Q: How will the outcome of the proposal to ratify the selection of our independent registered public accounting firm be determined?

A: To ratify the selection, a majority of the shares of stock that are present in person or by proxy and entitled to vote at the meeting must be voted in favor of the ratification.

Q: What is the effect if I fail to give voting instructions to my broker or other nominee?

A: If your shares are held by a broker or other nominee, you **must** provide your broker or nominee with instructions on how to vote your shares in order for your shares to be counted in the election of directors. Under recent amendments to rules applicable to discretionary voting by brokers, brokers no longer have the discretion to vote client shares in the election of directors if the shareholder has not specifically instructed the broker how to vote. Consequently, brokers may only vote for director nominees if specifically instructed by their clients. If a client shareholder fails to provide voting instructions to the broker, this is referred to as a "broker non-vote". Broker non-votes will have no effect on the outcome of the election of directors.

Brokers and other nominee holders may use their discretion to vote on the proposal to ratify the selection of our independent registered public accounting firm if no instructions are provided.

Q: What is the effect if I withhold or abstain my vote?

A: Withheld votes will have no effect on the outcome of the election of directors. Abstentions will have the effect of a "no" vote with respect to the ratification of the selection of our independent registered public accounting firm.

Q: Do the directors and officers of inTEST have an interest in the outcome of the matters to be voted on?

A: Our directors and officers will not receive any special benefit as a result of the outcome of the matter to be voted on, except that our non-employee directors will receive compensation for such service as described elsewhere in this proxy statement under the heading "Director Compensation."

Q: How many shares do the directors and officers of inTEST beneficially own, and how do they plan to vote their shares?

A: Directors and executive officers, who, as of June 15, 2010, had beneficial ownership (or had the right to acquire beneficial ownership within sixty days following June 15, 2010) of approximately 22% of our outstanding common stock, are expected to vote, or direct the voting of their shares, in favor of the election of the six nominees for director set forth in this proxy statement.

Q: Who will count the votes?

A: Our Transfer Agent will count the votes cast by proxy. The Assistant Secretary of inTEST will count the votes cast in person at the meeting and will serve as the Inspector of Election.

Q: Who can attend the meeting?

A: All stockholders are invited to attend the meeting.

Q: Are there any expenses associated with collecting the stockholder votes?

A: We will reimburse brokerage firms and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and other materials to our stockholders. We do not anticipate hiring an agency to solicit votes from stockholders at this time; however, if we determine that such action would be appropriate or necessary, we would pay the cost of such service. Officers and other employees of inTEST may solicit proxies in person or by telephone but will receive no special compensation for doing so.

VOTING SECURITIES AND PRINCIPAL STOCKHOLDERS

The following table sets forth certain information known to us regarding the beneficial ownership of our common stock as of June 15, 2010 (except where otherwise noted) by:

- each of our Named Executive Officers (as that term is defined later in this proxy statement under the heading "Executive Compensation");
- each of our directors;
- all directors and executive officers as a group; and
- each stockholder known by inTEST to own beneficially more than 5% of our common stock.

Percentage ownership in the following table is based on 10,301,456 shares of common stock outstanding as of June 15, 2010. We have determined beneficial ownership in the table in accordance with the rules of the Securities and Exchange Commission ("SEC"). In computing the number of shares beneficially owned by any person or group of persons and the percentage ownership of that person or group, shares of common stock subject to options held by such person or group of persons that are currently exercisable, or will become exercisable by August 14, 2010 ("Option Shares"), are deemed to be beneficially owned by such person and outstanding for the calculation of such person's percentage ownership. However, we have not deemed these shares to be outstanding for computing the percentage ownership of any other person. To our knowledge, except as set forth in the footnotes following the table, each stockholder identified in the table possesses sole voting and investment power with respect to all shares of common stock shown as beneficially owned by such stockholder.

Biographical and Other Information Regarding inTEST's Directors

Biographical information regarding the business experience of each of our directors and the primary aspects of each of our directors' experience, qualifications, attributes or skills that led to the conclusion that each of our directors should serve on our Board of Directors is set forth below.

Alyn R. Holt is a co-founder of inTEST Corporation and has served as our Chairman (renamed Executive Chairman in October 2007) since our inception in September 1981. Mr. Holt also served as our Chief Executive Officer from September 1981 to August 1998. Among other attributes, skills, experiences and qualifications, the Board believes that Mr. Holt's education as an engineer and his experience as the designer and developer of the basic products in our Mechanical Products segment, as well as his knowledge and industry experience as a founder and our former Chief Executive Officer for 17 years and an industry participant for approximately 50 years, are the attributes, skills, experiences and qualifications that allow Mr. Holt to provide visionary leadership as the Chairman of our Board of Directors.

Robert E. Matthiessen has served as our Chief Executive Officer since August 1998 and our President since February 1997. Mr. Matthiessen also served as our Chief Operating Officer from December 1997 to August 1998. Prior to that, Mr. Matthiessen served as our Executive Vice President after joining us in October 1984. Mr. Matthiessen has served as a director since February 1997. Among other attributes, skills, experiences and qualifications, the Board believes that Mr. Matthiessen's education and experience in the fields of mechanical and electrical engineering, his experience in the ATE industry throughout his over 40 year career and his extensive network of contacts and relationships in this industry, in addition to his over 25 years of experience at our Company, are the attributes, skills, experiences and qualifications that uniquely qualify him to execute our strategies and make valuable contributions as one of our directors.

Stuart F. Daniels, Ph.D. is a co-founder of inTEST Corporation and served as our Vice President and a director in 1982. Dr. Daniels was reappointed as a director in April 1997. In March 1996, Dr. Daniels founded The Daniels Group, which is engaged in technology assessment, intellectual property protection and commercialization consulting. From 1980 to December 1995, Dr. Daniels held several management positions with Siemens Corporation and its subsidiaries. Among other attributes, skills, experiences and qualifications, the Board believes that Dr. Daniels' Ph.D. in electrical engineering, his over 40 years of hands-on, management and intellectual property development, procurement and protection experience in the automation, electronics and electronics testing area, and his in-depth knowledge of our intellectual property portfolio, our business and our products, are the attributes, skills, experiences and qualifications that allow Dr. Daniels to make a valuable contribution as one of our directors and the Chairman of both our Intellectual Property Committee and our Compensation Committee.

James J. Greed, Jr. has served as a director since our acquisition of Temptronic in March 2000. From April 1991 to December 1999, Mr. Greed was President of VLSI Standards, Inc., a leading supplier of calibration standards to the semiconductor and related industries. Following his retirement from VLSI, Mr. Greed founded Foothill Technology, a consulting firm, and has served as its Principal since its inception. From July 1992 through December 1999, Mr. Greed also served on the board of directors of Semiconductor Equipment and Materials International ("SEMI"), an international trade association, serving as chairman for the 1996-1997 term and chairman of its International Standards Committee from 1993 to 1999. Among other attributes, skills, experience and qualifications, the Board believes that Mr. Greed's education as an engineer and his extensive technical and management experience in the ATE industry throughout his over 40 year career, as well as his current consulting activities, which allow him to remain current with trends and future developments in the ATE industry, are the attributes, skills, experiences and qualifications that allow Mr. Greed to make a valuable contribution as one of our directors and the Chairman of our Nominating and Corporate Governance Committees.

James W. Schwartz, Esq. has served as a director since April 2004. Mr. Schwartz was a Partner of Saul Ewing LLP, the Company's law firm, from September 1968 until December 2003, where he served as legal counsel to various corporations, partnerships, other entities and individuals. From January 2004 through December 2004, Mr. Schwartz continued with Saul Ewing as Special Counsel. Since January 2005, Mr. Schwartz has been Of Counsel to Saul Ewing. Among other attributes, skills, experiences and qualifications, the Board believes that Mr. Schwartz's over 40 years of experience as a corporate and securities attorney at a large Philadelphia firm providing counsel to corporations and other business entities regarding mergers and acquisitions, securities matters and general business matters, as well as his long history of involvement with and service to our Company, are the attributes, skills, experiences and qualifications that allow Mr. Schwartz to make a valuable contribution as one of our directors and the Lead Independent Director.

Thomas J. Reilly, Jr. has served as a director since May 2005. From 1976 to 1996, Mr. Reilly was as an audit partner at Arthur Andersen LLP where he was involved in the audits of public and private companies. Mr. Reilly also serves on the board of directors of Astea International Inc., a publicly traded company that develops, markets and supports service management software solutions. Among other attributes, skills, experiences and qualifications, the Board believes that Mr. Reilly's accounting education and his over 30 years of experience as a certified public accountant at a Big 4 accounting firm, including 20 years as an audit partner, give him insight into corporate finance trends and practices and an ability to understand generally accepted accounting principles and internal control procedures and to analyze and evaluate financial statements. These attributes, skills, experiences and qualifications, in addition to his outside board service at another public company, which provides him with additional experiences regarding corporate governance trends and best practices and the implementation of

SEC rules, are the attributes, skills, experiences and qualifications that allow Mr. Reilly to make a valuable contribution as one of our directors and as the Chairman of our Audit Committee.

Director Independence

Our Board of Directors has determined that each of the current directors meets the independence requirements of NASDAQ Listing Rule 5605, with the exception of Mr. Holt, who serves as our Executive Chairman, and Mr. Matthiessen, who serves as our Chief Executive Officer. In making the foregoing determination with respect to our non-employee directors, the Board did not identify any matters, transactions, relationships or arrangements that needed to be considered in determining independence of these directors, except that the Board considered the role of Mr. Schwartz as Of Counsel to Saul Ewing LLP, a law firm that provides us with legal services.

Board Leadership Structure

Our Bylaws and Guidelines on Significant Corporate Governance Issues state our general policy that the position of Chief Executive Officer may be held by either the Executive Chairman or the President of the Company. We believe this gives us the greatest flexibility to maintain strong leadership and management of the Company. Presently, the position of Chief Executive Officer is held by the President. We believe this is the most appropriate structure at this time as it allows our Chairman to maintain primary focus on long range administration and development of strategic initiatives, while the President has primary focus on daily operations, product development and synergies among our product segments.

Risk Oversight

Management is responsible for the day-to-day management of risks that the Company faces, while the Board of Directors, as a whole and through its Committees, has responsibility for the oversight of risk management. Management attends regular Board and Committee meetings and discusses with the Board or Committees the various risks confronting the Company, including the operational, legal, market and competitive risks facing the Company.

Transactions with Related Persons

We have not entered into any transactions with related persons since January 1, 2009, nor is the Company otherwise a party to a current transaction, in which the amount of the transaction exceeds \$120,000 and in which a related person had or will have a direct or indirect material interest.

Recommendation

The Board of Directors recommends a vote **"FOR"** the election of each of the nominees to the Board of Directors named above.

CORPORATE GOVERNANCE

Committees of the Board of Directors

Our Board of Directors has five standing Committees: an Executive Committee, an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee and an Intellectual Property Committee. Copies of the charters of each of these committees are posted on our website: www.intest.com.

The Executive Committee is appointed by the Board of Directors to exercise all powers and authority of the Board of Directors in the management of our business and affairs during intervals between meetings of the Board of Directors, and to provide oversight of, and make recommendations to, the Board of Directors regarding corporate initiatives and strategies. During 2009, the members of the Committee were, and presently are, Alyn R. Holt, Chairman, Robert E. Matthiessen, Stuart F. Daniels, and James W. Schwartz. The Committee held two meetings during 2009.

The Audit Committee is appointed by the Board of Directors to assist the Board of Directors in fulfilling its oversight responsibilities with respect to our financial management and controls. The Committee's primary oversight responsibilities relate to the integrity of our accounting and financial reporting processes, audits of our financial statements, and systems of internal control over financial reporting and accounting matters, and the independence, qualifications, retention, and performance of our independent registered public accounting firm. During 2009, the members of the Committee were, and presently are, Thomas J. Reilly, Chairman, Stuart F. Daniels, James J. Greed and James W. Schwartz. The Board of Directors has determined that Mr. Reilly meets the criteria of an "audit committee financial expert" as that term is defined in Item 401 of Regulation S-K. The Board of Directors has also determined that each of the members of the Committee is independent within the meaning of Rule 5605. The Committee held seven meetings during 2009.

The Compensation Committee is appointed by the Board of Directors to review, evaluate, and make recommendations to the Board of Directors regarding the compensation and benefit programs of our executive officers and to administer our equity based compensation plans. During 2009, the members of the Committee were, and presently are, Stuart F. Daniels, Chairman, James J. Greed, James W. Schwartz and Thomas J. Reilly. The Board of Directors has determined that each of the members of the Committee is independent within the meaning of Rule 5605. The Committee held two meetings during 2009.

The Nominating and Corporate Governance Committee is appointed by the Board of Directors to select and recommend to the Board the director nominees to be presented for election at future annual meetings of stockholders and to review and assess our corporate governance procedures. During 2009, the members of the Committee were, and presently are, James J. Greed, Chairman, Stuart F. Daniels, James W. Schwartz and Thomas J. Reilly. The Board of Directors has determined that each of the members of the Committee is independent within the meaning of Rule 5605. See "Nominating Procedures" for information regarding the process for identifying and evaluating nominees, procedures for stockholder nominations and director qualifications. The Committee held one meeting during 2009.

The Intellectual Property Committee is appointed by the Board of Directors to review, evaluate and make recommendations to the Board regarding the development, protection, and acquisition of intellectual property that is or may be used in our business. During 2009, the members of the Committee were, and presently are, Stuart F. Daniels, Chairman, Alyn R. Holt and Robert E. Matthiessen. Daniel J. Graham, James Pelrin and certain other members of our management team serve as non-voting members of the Committee. The Committee held one meeting in 2009.

Meetings

During the year ended December 31, 2009, the Board of Directors held a total of nine meetings. Each of our directors attended at least 75% of the aggregate

number of meetings of the Board and meetings of any committee of which he was a member, which were held during the time in which he was a director or a committee member, as applicable.

All members of the Board of Directors are encouraged, but not required, to attend our annual meetings of stockholders. Three of our directors attended the 2009 Annual Meeting held on November 4, 2009.

Stockholder Communications with the Board of Directors

Stockholders who wish to communicate directly with the Board of Directors, or with a particular director, may send a letter addressed to our Secretary at 7 Esterbrook Lane, Cherry Hill, NJ 08003. The mailing envelope must contain a clear notation indicating that the enclosed letter is a "Stockholder Board Communication" or "Stockholder Director Communication." All such letters must identify the author as a stockholder and clearly state whether the intended recipients are all members of the Board or just certain specified individual directors. The Secretary will make copies of all such letters and circulate them to the directors addressed. If a stockholder wishes the communication to be confidential, such stockholder must clearly indicate on the envelope that the communication is "confidential." The Secretary will then forward such communication, unopened, to the directors, or director, specified on the envelope, or if none, to the Chairman of the Board of Directors.

Compensation Procedures

During 2009, the Compensation Committee was comprised, and presently is comprised, solely of independent directors. Under Delaware state law, the Committee has the authority to delegate any or all of its powers and authority to one or more subcommittees, each subcommittee to consist of one or more members of the Committee. No such delegation of authority to a subcommittee has occurred.

Generally, the process of considering and determining compensation for executive officers and directors is initiated by a review of the individual contributions and performance of each executive officer, as described in this paragraph. Our Executive Chairman is responsible for preparing the evaluation of the President and Chief Executive Officer and for submitting that evaluation to the Committee with his recommendation for the compensation of the President and Chief Executive Officer. The President and Chief Executive Officer is responsible for evaluating the Chief Financial Officer and each of the General Managers of our Product Segments and for presenting his evaluations of these officers to the Compensation Committee with his recommendations for compensation. The Executive Chairman's compensation is determined by the Committee based upon its assessment of the performance of the Executive Chairman and the Chief Executive Officer's overall recommendations regarding executive compensation. During 2009, however, the Executive Chairman's compensation was voluntarily proposed to be reduced by the Executive Chairman in connection with other compensation reductions made by the Company at that time, and such proposal was accepted by the Committee.

Management periodically obtains survey data of comparably situated companies from Economic Research Institute ("ERI") to guide it in its recommendations of compensation increases. The specific parameters defined for ERI are job description, company revenue size, company SIC code and geographic location. Based upon these inputs, ERI supplies base salaries, incentive and total compensation information for comparable job descriptions. Where comparable job descriptions do not exist, further analysis is necessary to determine appropriate comparable compensation parameters. Thus, because it is our current practice to have both an Executive Chairman and a President and Chief Executive Officer, the starting point for our consideration of the compensation for these two positions is determined by combining the ERI data for the position of "Outside Chairman" and the position of "President and Chief Executive Officer" and adjusting for the additional activities and responsibilities of our Executive Chairman.

Changes to director compensation are periodically considered by the Committee and recommended to the Board of Directors for approval. Such changes may be proposed by any director. Any change in the compensation of any director or any group of directors is approved by a majority of non-interested directors, and, if such recommendation applies to the compensation of all directors, by a majority of the independent directors in addition to a majority of the directors then in office. Information regarding director compensation at comparable companies is also obtained periodically from ERI.

Nominating Procedures

Generally, in order to identify and evaluate director nominees, our Nominating and Corporate Governance Committee assesses the qualifications, expertise, performance and willingness to serve of each current director. If as a result of such assessment, or at any other time during the year, the Board of Directors determines a need to add a new director with specific qualifications or to fill a vacancy on the Board, a search will be initiated utilizing appropriate staff support, input from other directors, senior management, and outside contacts, consideration of nominees previously submitted by stockholders, and, if deemed necessary or appropriate, retention of a search firm. An initial slate of candidates satisfying the specific qualifications, if any, and otherwise qualifying for membership on the Board, will be identified and reviewed by the Committee and the Board. The candidates will be prioritized and a determination made as to whether a member of the Committee, another director or member of senior management has a relationship with the preferred candidate and can initiate contacts. If not, contact may be initiated by a search firm. The Chairman and one or more members of the Committee or the Board will interview the prospective candidate. Evaluations and recommendations of the interviewers will be shared with the Committee for final evaluation. The Committee will then meet to consider such recommendations and to determine which candidate (or candidates) to select. The Committee will evaluate all nominees for director, including nominees recommended by a stockholder, on the same basis.

Each of the nominees for director included in this proxy statement were selected for re-election by the Committee (which is comprised solely of independent directors). The full Board of Directors, including the Executive Chairman and the Chief Executive Officer, unanimously recommend the nominees for election by the stockholders of the Company.

We will consider director candidates recommended by our stockholders. Pursuant to policies adopted by the Board of Directors, recommendations with regard to nominees for election to the Board of Directors at future annual meetings of stockholders may be submitted in writing, received by the Secretary of inTEST at least 60 days prior to the date on which inTEST first mailed its proxy materials for the prior year's annual meeting of stockholders, or, if inTEST did not have an annual meeting of stockholders in the prior year, 90 days prior to the date of the Annual Meeting. Each notice of nomination must set forth (i) the name, age, business address and, if known, residence address of each nominee, (ii) the principal occupation or employment of each such nominee, (iii) the number of shares of common stock of inTEST which are beneficially owned by each such nominee, (iv) the qualifications of such nominee for service on the Board of Directors, (v) the name and residence address of the proposing stockholder(s), and (vi) the number of shares of common stock owned by the proposing stockholder(s).

Director candidates must meet certain minimum qualifications, including being at least 21 years old and possessing (1) the ability to read and understand corporate financial statements, (2) relevant business experience and professional skills, (3) high moral character and personal and professional integrity, and (4) the willingness to commit sufficient time to attend to his or her duties and responsibilities as a director of a public corporation. In addition, the Nominating and Corporate Governance Committee may consider a variety of other qualities and skills, including (i) expertise in finance, economics, technology or markets related to the business in which inTEST and its subsidiaries may engage, (ii) the ability to exercise independent decision-making, (iii) the absence of conflicts of interest, (iv) diversity of experience, and (v) the ability to work effectively with other directors in collectively serving the long-term interests of all stockholders. Nominees

must also meet any applicable requirements of SEC regulations, state law, and inTEST's charter and bylaws. While we do not have a policy related to Board diversity, the Board seeks nominees whose qualifications provide a diversity of relevant experience and skill sets that synergistically combine to provide a strong management advisory and oversight capability.

EXECUTIVE COMPENSATION

Overview of Executive Compensation Program

The Compensation Committee is committed to the general principle that executive compensation should be commensurate with our performance and the performance of the individual executive officer. The primary objectives of our executive compensation program are to:

- attract and retain executive officers who demonstrate the leadership and management skills necessary to drive our long-term success;
- reward the achievement of our business goals and individual contributions toward achievement of those goals; and
- provide compensation opportunities linked to our performance and the interests of our stockholders.

Generally, decisions regarding our executive compensation program reflect the individual contributions and performance of each executive officer as well as our overall business goals and strategies, the business cycle of our industry and prior cost-containment initiatives and adjustments. In addition, our executive compensation program has been developed with reference to the executive compensation practices of comparable companies in our industry to ensure that the total compensation opportunity provided to our executive officers is competitive with the market in which we compete for executive talent. Underlying our executive compensation program, particularly, in the case of executive officers who have price-setting authority, is the philosophy that the interests of our stockholders are best served by a program that includes a significant incentive or variable component based on our performance. In allocating total compensation between fixed pay, such as base salary and benefits, and variable pay for these executive officers, our general policy has been to structure compensation so that the portion achievable through variable pay represents approximately one third of the executive officer's total compensation opportunity.

Executive compensation decisions during 2009 were largely driven by our cost containment initiatives, such that compensation of our executive officers in 2009 was significantly less than in 2008. In March 2010, the base salaries of our executive officers were reinstated to the levels paid prior to the November 2008 cost containment actions, such reinstatements effective as of January 1, 2010, with the exception of the Executive Chairman who voluntarily maintained an approximate 35% reduction of his full pre-November 2008 salary. The base salary and variable performance compensation arrangements for 2010 of our Named Executive Officers (as defined below) are reflected in the table below:

<u>Executive Officers</u>	<u>Title</u>	<u>Salary</u>	<u>Variable Component</u>
Robert E. Matthiessen	President, CEO and Director	\$317,242	

Hugh T. Regan, Jr.	Treasurer, Secretary and CFO	\$224,422	1.5% of consolidated pre-tax profits plus 1.5% of each product segment's pre-tax profits.
James Pelrin	Vice President and General Manager- Thermal Products Segment	\$205,358	Discretionary (1) 2.5% of pre-tax profits of the Thermal Products segment.

(1) Based on consolidated pre-tax profits and subject to the recommendations of the Chief Executive Officer and the approval of the Compensation Committee of the Board of Directors.

The primary elements of our executive compensation include fixed base salary and benefits, variable performance compensation, stock-awards and change-in-control payments. The following sections set forth certain information with respect to the compensation we paid, or recognized as an expense in accordance with Accounting Standards Codification ("ASC") Topic 718 (Compensation - Stock Compensation) to our Chief Executive Officer and our two other most highly compensated executive officers who were serving as such at December 31, 2009. These officers are referred to as our "Named Executive Officers."

Employment Agreements. We have not entered into any employment agreements with our Named Executive Officers. However, as discussed in the "Potential Payments Upon Termination Following a Change of Control" section below, we have entered into agreements with Messrs. Matthiessen, Pelrin and Regan, which provide for the payment of certain benefits in the event of termination of employment following a change in control.

Variable Compensation. Variable compensation for 2009 was determined for each of our Named Executive Officers, other than our Chief Financial Officer, under a pre-established formula tied to our pre-tax profitability as follows:

- *President and Chief Executive Officer* - Our President and Chief Executive Officer earned a cash incentive payment equal to 1% of our overall, consolidated pre-tax profits plus 1% of the pre-tax profit of each of our three product segments.
- *Vice President and General Manager of Thermal Products Segment* - The Vice President and General Manager of our Thermal Products segment earned a cash incentive payment equal to 2% of the pre-tax profit for that product segment.

For 2009, there was no annual variable compensation earned by our Named Executive Officers.

In lieu of formula-based variable compensation, our Chief Financial Officer is eligible for a discretionary bonus, subject to the recommendation of the Chief

Executive Officer and approval of the Compensation Committee. There was no discretionary bonus awarded to our Chief Financial Officer for 2009.

Grants of Stock-Based Awards. We did not grant any stock-based awards during 2009.

Retirement Benefits. Our executive officers are provided retirement benefits under the same tax-qualified 401(k) plan provided to other employees working in the same product segment as the executive officer. Messrs. Matthiessen and Regan participate in the 401(k) plan provided to employees of our Mechanical Products Segment. This 401(k) plan allows participants to make contributions from their own salary on a pre-tax basis and provides a discretionary employer matching contribution not to exceed \$4,750 a year. Mr. Pelrin participates in the 401(k) plan provided to employees in the Thermal Products segment which limits the employer matching contribution to \$2,375 and provides a discretionary employer profit sharing contribution, allocated to eligible participants on a pro rata basis based on compensation. The amount of employer contributions made to our 401(k) plans for our Named Executive Officers for 2009 and 2008 are included in the column entitled "All Other Compensation" in the Summary Compensation Table. We do not provide any other retirement benefits to our Named Executive Officers.

Potential Payments Upon Termination Following a Change of Control. We have Change-of-Control Agreements in place with Messrs. Matthiessen, Pelrin and Regan. These Change-of-Control Agreements provide for the payment of certain benefits upon the executive officer's termination of employment by us without Cause or by the executive officer for Good Reason within two years following a Change of Control. These benefits consist of the continuation of the executive officer's base salary and fringe benefits for the one year period following the termination of his employment and payment of the variable performance based compensation that he would have earned for such one year period.

Under the Change-of-Control Agreements, a Change of Control occurs in the event of:

- our dissolution or liquidation;
- the sale of substantially all of our assets, except to a stockholder who as of the date of the Change of Control Agreements owned 20% or more of our stock (a "Related Person");
- our merger or consolidation with another company unless our stockholders own stock in that company in the same proportion that they own stock in us prior to the transaction;
- any person or entity other than a Related Person obtains the voting control of 40% or more of our stock; or
- our directors and those persons our directors may nominate to become our directors, cease to comprise a majority of our Board members.

Under the Change-of-Control Agreements, a termination for "Cause" means the executive's termination by us because of an act of fraud upon the Company, his willful refusal to perform the duties assigned to him by the Board or his conviction for any crime involving dishonesty or breach of trust or for any crime that is a felony or of moral turpitude.

A termination for "Good Cause" under the Change-of-Control Agreements means the executive's voluntary termination because of a material adverse change in his status, responsibilities or benefits; a failure to be nominated or elected to his current officer position; an assignment of duties inconsistent with his current officer position; a reduction in salary or variable performance based compensation; or a requirement to relocate more than thirty miles from his current office.

The term "Good Reason" under the Change-of-Control Agreements means a material adverse change in an executive's status, responsibilities or benefits; a failure to be nominated or elected to his current officer position; a requirement to report to anyone other than his direct report; an assignment of duties inconsistent with his current officer position; any reduction in base salary, variable component or formula for determining the variable component which would have the effect of reducing his variable component, or other reduction in compensation or benefits; or a requirement to relocate more than thirty miles from his current office.

The benefits payable under the Change-of-Control Agreements are subject to the release of any claims that Messrs. Matthiessen, Pelrin and Regan may have against us pursuant to the agreements as we may request. Fringe benefits will be reduced or eliminated to the extent that comparable benefits are received from another source. Furthermore, the benefits will be reduced to the extent that the payments would not be deductible by us (in whole or in part) under Section 280G of the Internal Revenue Code.

Also, in the event of a Change of Control, all equity awards issued to our Named Executive Officers become 100% vested. For purposes of equity awards under the inTEST Corporation 2007 Stock Plan, the definition of Change of Control is the same as defined above. For purposes of the Amended and Restated inTEST Corporation 1997 Stock Plan (equity awards issued prior to March 31, 2007), a Change of Control occurs in the event of:

- our dissolution or liquidation;
- the sale of substantially all of our assets;
- our merger or consolidation with another company unless our stockholders own stock in that company in the same proportion that they own stock in us prior to the transaction; or
- any person or entity other than a Related Person obtains the voting control of 50% or more of our stock.

The following table sets forth the compensation earned by, or paid in cash to, the members of our Board of Directors, who are not Named Executive Officers, for the year ended December 31, 2009. No equity awards were made to any of the members of our Board of Directors in 2009.
