OF THE BOARD OF DIRECTORS OF
inTEST CORPORATION**

I. Committee Purpose

The Audit Committee (the “Committee”) is appointed by the Board of Directors (the “Board”) to assist the Board in fulfilling its oversight responsibilities with respect to the financial management and controls of inTEST Corporation (the “Company”). The Committee’s primary oversight responsibilities relate to:

- The integrity of the Company’s accounting and financial reporting processes, audits of the Company’s financial statements, and systems of internal control over financial reporting and accounting matters;
- The appointment, compensation, retention and oversight of the Company’s independent registered public accounting firm (the “Audit Firm”); and
- The independence of the Audit Firm.

In addition, the Committee provides an avenue of communication among the Audit Firm, management and the Board.

II. Committee Composition

The Committee shall consist of at least three directors, one of whom shall be designated by the Board as Chairperson of the Committee.

Each member of the Committee shall (i) be independent as defined by Section 803A of the NYSE American LLC Company Guide, (ii) meet the criteria for independence set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the “Act”) (subject to the exemptions provided in Rule 10A-3(c)); (iii) not have participated in the preparation of the financial statements of the Company or any current subsidiary of the Company at any time during the past three years; (iv) be able to read and understand fundamental financial statements, including the Company’s balance sheet, income statement, and cash flow statement, and (v) be free of any relationship that, in the opinion of the Board, would interfere with his or her individual exercise of independent judgment; *provided that* under exceptional and limited circumstances, one director who meets the requirements of Rule 10A-3 under the Act but does not otherwise meet the independence requirements of NYSE American may be permitted to serve on the Committee in accordance with such rules.

At least one member of the Committee must have past employment experience in finance or accounting, professional certification in accounting, or comparable experience that results in such member’s financial sophistication.

The Board shall periodically evaluate the qualifications of each member of the Committee to determine whether one or more members meet the requirements of an “audit committee financial expert” (as defined in Item 407 of Regulation S-K) and, if not, whether it is in the

Company's best interests to appoint a member to the Committee who meets such requirements. The Company shall disclose in its annual report on Form 10-K, or its proxy statement, if incorporating by reference, whether the Committee has an audit committee financial expert and, if so, the name of such member. If the Committee does not have an audit committee financial expert, the Company must explain in the annual report on Form 10-K, or its proxy statement, if incorporating by reference, why it does not.

III. Committee Responsibilities and Duties

The Committee shall meet with such frequency and at such intervals as it determines necessary to carry out its responsibilities and duties, but in any case, the Committee should meet at least four times per year.

Guiding Principles

Flexibility. In order for the Committee to effectively carry out its purposes, its processes must remain flexible so it can best react to changing conditions, information, accounting rules, securities laws and regulations and other factors that bear on its responsibilities. The key responsibilities described in this Charter, therefore, shall define the principal recurring processes of the Committee. These processes are set forth as a guide with the understanding that the Committee may supplement them as it deems necessary or appropriate to accomplish its purposes.

Responsibility for Financial Reporting. The Company's management is responsible for preparing the Company's financial statements in accordance with generally accepted accounting principles ("GAAP") and its periodic reports as required by the Securities and Exchange Commission (the "SEC"). The Audit Firm is responsible for auditing the Company's annual financial statements and reviewing the Company's interim financial statements. While the Committee has responsibility to oversee management's and the Audit Firm's conduct of these activities, it is not the responsibility of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate or are in compliance with GAAP.

Open Communication. The Committee is expected to maintain free and open communication with the Audit Firm and management of the company. In order to facilitate such free and open communication, the Committee should meet with members of management and the Audit Firm, separately, at least once a year and at such other times as the members of the Committee deem it necessary or appropriate to accomplish its purposes.

In making its assessments of the Audit Firm, the Committee will discuss and consider the Audit Firm's written affirmation that it is in fact independent, the Audit Firm's ability to manage the nature and rigor of the audit process, the scope of and compensation paid for non-audit services and such other matters as the members of the Committee deem necessary or appropriate. In addition, the Committee has the sole responsibility for determining the compensation of the Audit Firm.

- When approving permitted, non-audit services to be provided by the Audit Firm, consider whether the provision of such services, and the payment of fees for such services, is consistent with maintaining the independence of the Audit Firm.

- Recommend to the Board policies limiting the Company's hiring of employees or former employees of the Audit Firm who participated in any capacity in the audit of the Company as required by law.

3. *Pre-approval of Services Provided by the Audit Firm.* The Committee shall pre-approve all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by the Audit Firm. In addition, such review shall include consideration of the following:
